ABOUT ME

PROFESSIONAL WORK

PROTOTYPES

WHO AM I?

Dedicated and passionate to the world of gaming.

5+ Years working in video games
Experience as Game designer, Focused on Combat Design, Enemy and Boss Design, Encounter design, and game balancing. I have additional experience in multiple areas of game development such as, UX/UI, Pixel Artist, Animator, Prototyper, Gameplay, Production, Product Manager, Researcher, and taught as a professor game design fundamentals in UTAD.

I understand the pipeline of most departments in games and I use my knowledge to respect the complexity and necessity of team work and cooperation in game development.
